GROUND FLOOR 1:50

Gross 37.2 m²; inside the walls 33.6 m²; shop floor 30.4 m², stockroom 2.9 m² (both before the partitions).

CROSS LANE (south)

F1 till counter (with the cash register and the hot case) along the east wall, beside the door: the keeper sees who comes in and the whole floor; 950 mm, a counter's height. It runs on to the stockroom wall, its last 600 mm the lift-up flap the keeper comes through (27	600 × 2 800 × 950 h
F12 counter return closes the keeper's aisle at its south end, by the door: nobody walks in behind the till	700 × 150 × 950 h
F2 cigarette and spirits shelf, behind the counter behind the keeper and under the side window, 700 mm behind the counter (the keeper's aisle): cigarettes, awamori and whisky, which are asked for, not picked	250 × 2 200 × 950 h
F3 three-door drinks cooler (reach-in, glass doors) at the back, so the customer walks past everything else to reach it; its condenser is outside on the north wall	2 250 × 750 × 2 000 h
F4 chest freezer for ice cream and ice beside the cooler; bagged ice for the boats and the barbecue, ice lollies for the children after school	1 000 × 650 × 850 h
F5 open chiller (multideck): bento, onigiri, sandwiches, milk, tofu down the west wall, the long way from the door: the evening's bento is what most come for	800 × 2 400 × 1 900 h
F6 gondola island, two-sided, four shelves the middle of the floor: bread and snacks on the east face, groceries and household goods on the west; low enough for the keeper to see over	900 × 2 600 × 1 350 h
F7 magazine rack along the shopfront glazing, so people browsing are seen from the lane and the shop looks busy	1 200 × 350 × 1 100 h
F8 copier behind the solid pier: the residents' association copies its notices here (the notice boards)	800 × 650 × 1 050 h
F9 stock shelving, steel, five shelves along the stockroom's west wall, so the floor from the delivery door to the staff door is clear for the cases: the cases waiting for the cooler and the shelves	350 × 950 × 2 100 h
F10 staff sink and kettle shelf a hand basin for the hot case and a kettle; there is no toilet (the bathhouse is hers, and her house is a short walk)	550 × 500 × 900 h
F11 umbrella stand inside the door; a basket of long umbrellas for sale beside it in the rains (avatars/umbrella.js, navy)	250 × 250 × 550 h
X1 two drinks vending machines (Minato Drinks) against the solid pier, facing the lane: cold drinks when the shop is shut; Minato Drinks rents the corner, as it rents Sakura's wall (lots.js)	2 000 × 750 × 1 830 h
X2 can and bottle bins beside the machines, as the law asks of whoever sells cans	600 × 450 × 900 h
X3 refrigeration condensing units, two outside the north wall behind the cooler and the chiller, on a pad, under a louvred screen; the gōyā curtain hides them from the spine	1 800 × 600 × 900 h
X4 roof water tank, stainless, 1 m³, on a steel stand the island's water is cut in dry summers; every Okinawan roof has its tank	1 200 × 1 200 × 1 400 h
X5 canopy over the door, steel, in the house green keeps the rain off the door and the bins' users; underside 2.45 m	2 000 × 1 000 × 100 h
X6 signboard (fascia), lit from inside, south and east faces the shop's name round the corner, read from the cross lane and from the approach	6 150 × 6 350 × 700 h
X7 A-board for Grandmother Higa's vegetables chalked: what is in from her garden today	500 × 400 × 900 h
X8 downpipe and gutter outlet the roof falls to the north-east corner, away from the door	120 × 120 × 3 600 h

WEST ELEVATION

Each face is drawn as the player sees it in World: the game's frame mirrors a printed map, so from the lane the door is on the left.

Walls: warm cream render; the plinth painted concrete grey. Fascia: the house green, a white line along its foot, the name in white: "JOHANSSON MART" over "ヨハンソンマート 北浜店". Frames: anodised aluminium.
