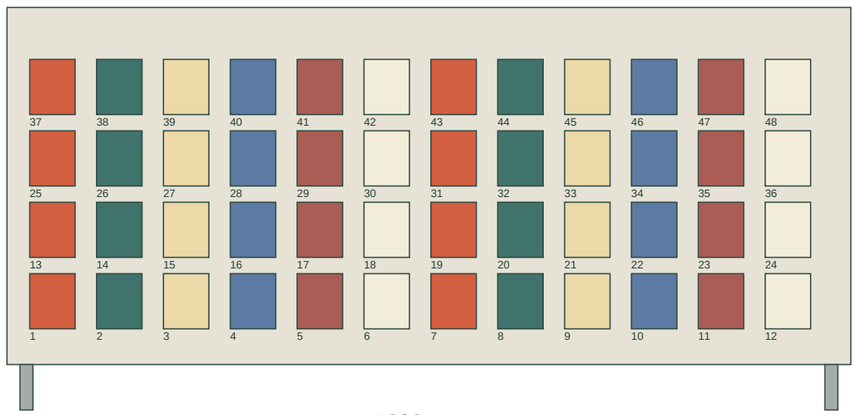
Sakura Shoten | Counter elevation

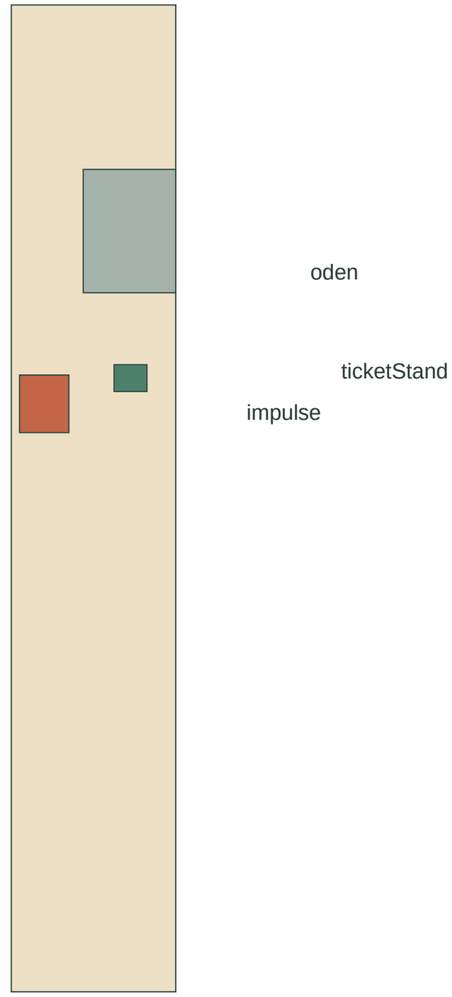
JW-SAK-CTR-01 Rev B / millimetres / measured candidate / 23 October 2026

Existing tobacco header retained



1300

550 high / 600 deep



Counter plan: 800 x 4800

All additions on existing top at 780

Retain register, scanner, tray, steamer and food.

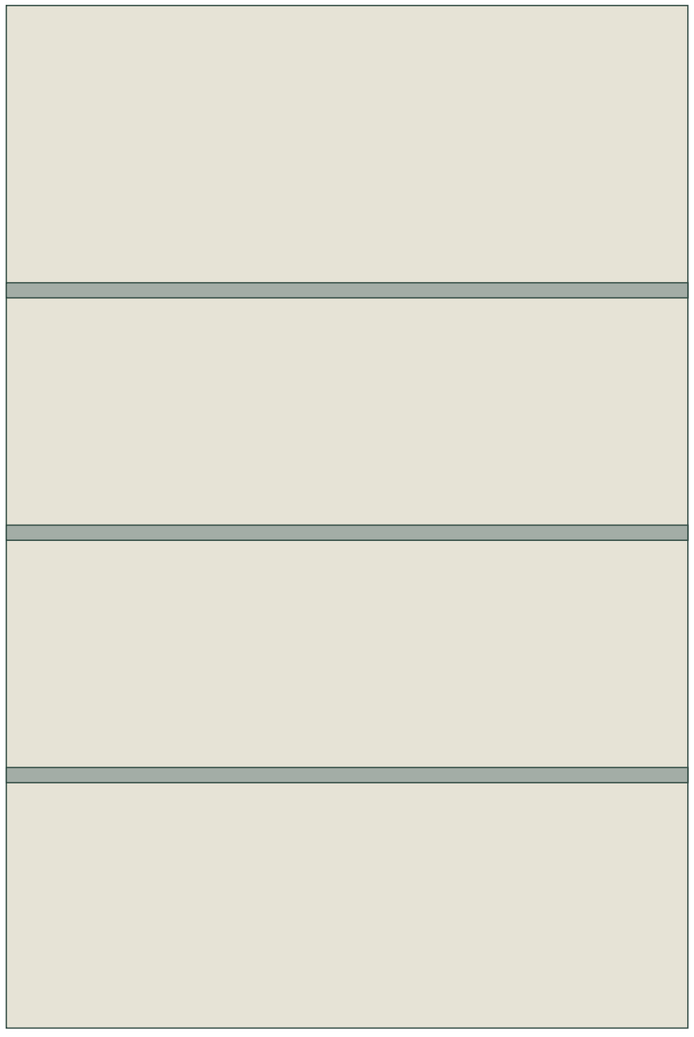
Cabinet 850-1400 / 70 mm support feet to worktop at 780

12 slots x 4 rows = 48 visible packs. Reach-corrected dispenser; staff aisle stays 1200 clear.

Original wall notices and office glazing remain clear. Fictional packs: scenery only.

Sakura Shoten | Endcap proposal

CAD first / existing shelf footprint / stocking is a separate pass



Keep the existing 2300 mm front cross-aisle.

Proposal: original cup-noodle cartons on three decks.

Keep product scale, packaging and stock identities.

Use small shelf-edge POP; no aisle projections.

No stocked endcap is claimed in this implementation.

Drawing coordinates: SW interior origin; exterior shell unchanged.
